

JACOBS GLOBAL
Leading the way to the future

ROLL BOSS

- Safer than open skid.
- Freight line approved packaging.
- Protects your investment from freight damage.
- Unload new assemblies and replace with reworks: Bolt-in and it's ready to ship back to Jacobs.
- Return labels and paperwork included for new shipments back to Jacobs for next set rebuilds rolls.
- Easy clamp-in style. Five minutes the rolls are ready for shipment.
- Jacobs maintains, replaces and repairs each time product is shipped back.

*One time charge for each Roll Boss.

*Open skid shipping is still offered as a customer choice; Jacobs will not offer on any open skid roll shell shipment.

*Some custom containers will be approved for reuse.
